

# Money Management Education: Wealth Building

*Money doesn't grow on trees, but we can help you grow your financial future.*

When you take charge of your financial future with a Money Management course from MSU Extension, you can have more money for the things that make you happiest and save money for life's storms that come your way.

This free workshop will cover simple strategies to grow your savings, provide an introduction to investing, and offer tips on finding a financial advisor.
